# CCSF BUSINESS PORTAL WIREFRAMES R1 03.19.2014

---

Prepared for Jane Gong,  
Department of Technology  
by Tomorrow Partners

---

# INTRODUCTION

# timeline

# next steps

March 20th / Feedback on 1st round of wireframes

March 31st / Final approval on wireframes

# what is a wireframe?

A wireframe is a visual representation of a website. It allows designers and developers to present proposed functionality, structure, and suggested content of a website with simple line drawings.

This wireframe is not representative of the final look and feel of the site nor is it indicative of the experience a user will have. It represents the components and functionality that will be seen on key pages.
